4. **Time Table Management:** Develop and oversee the academic timetable, ensuring proper distribution of teaching hours, clinical postings, and integrated teaching sessions.

Note: While it is recommended that no faculty member, except the Principal/Chairman and the MEU Coordinator, should serve on both committees simultaneously, an **overlap of members** has been necessitated in this case due to the **limited number of senior faculty members (Professors/Associate Professors)** in the **pre- and paraclinical departments**. This arrangement is temporary and has been made to comply with the NMC's mandatory requirements for senior faculty representation in the Curriculum Committee.
